

**2008 Six Degrees Tasting Notes:**

Wine: 2008 Six Degrees

Date Harvested: October 2, 2008

Production: 200 Cases

Brix: 25.4

pH: 3.60

Alcohol %: 14.5

Already amazingly seductive, with wonderfully rich aromas of cocoa, sweet oak and fully expressed fruit, this wine in no way lets up on the palate and delivers deep, multi-faceted flavors from first sip through finish. As is often the case with Six Degrees bottling's, it is so beautifully balanced that it invites early drinking, but while we would not fault you for ignoring this advice, we also strongly suggest patience as its best years lie down the road.
